

Advancing Equitable Neighborhood Development

Program Area: Equitable Neighborhood Development

Funder: NALCAB

Supported by: JPMorgan Chase

Application Deadline: February 14, 2022 at 11:59 PM PDT

RFP Description:

Latino and immigrant communities continue to be affected by the existing challenges of neighborhood change and involuntary displacement, challenges that have only been compounded by the economic effects of the COVID-19 pandemic, so it makes equitable neighborhood development more relevant than ever.

With the generous support of the JPMorgan Chase Foundation, NALCAB — National Association for Latino Community Asset Builders will provide two cohorts of grants: \$40,000 grants for the creation of equitable development action plans (Planning Grants) or \$25,000 grants to support the implementation of an existing development action plan (Implementation Grants). NALCAB anticipates awarding up to 12 grants for a period of 12 months.

Grant Period

April 1, 2022 – March 31, 2023 (12 months)

Award Amount: (if applicable) \$25,000 for Implementation Grants \$40,000 for Planning Grants

RFP Eligibility:

Any 501(c)(3) community development or asset building organization is eligible to apply for Planning Grants. Any organization that has completed a NALCAB-supported action plan is eligible to apply for Implementation Grants. Applicants can only apply for either a planning grant or an implementation grant, not both.

Any organization that is awarded a planning or implementation grant must become a current NALCAB member. To check your membership status or find out more about becoming a NALCAB member, please contact membership manager Lexi Castillo at lcastillo@nalcab.org.
