NALCAB helps members build and maintain neighborhoods where all can thrive. We ensure that development is community-driven and responsive to the needs and aspirations of all residents, particularly the most vulnerable.

Public Policy Advocacy

NALCAB is actively involved in research, advocacy and national partnerships to raise the profiles of key issues in our communities.

We engage policy makers to influence legislation that ensures equity of opportunity for all.

Lending & Impact Investing

As a US Treasury-certified CDFI, NALCAB lends to nonprofit lenders and affordable housing providers. We also engage in social impact investing and offer small business loan guarantees to member lenders. Our new **NALCE** initiative unites and amplifies the voices of Latino-led CDFIs.

Leadership Development & Technical Training

NALCAB offers a comprehensive slate of community development training through webinars and our national conference. We also offer professional development for Latino leaders through our annual **Pete Garcia Fellowship program**, and the new **Latino Executive Advancement & Development (LEAD) program**.

Special Initiatives

NALCE is a consortium of Latino CDFI executives created to unite and amplify the voices of Latino-led Community Development Financial Institutions (CDFIs) and drive capital toward Latino CDFIs to further benefit underserved communities.

NALCAB launched a new initiative to assist Latino-serving small business and affordable housing lenders obtain CDFI certification from the US Dept of Treasury. At no cost to program participants, NALCAB will assist 30 NALCAB member lenders to submit applications for CDFI certification.

HUD Federal Programs Technical Assistance

NALCAB is a technical assistance (TA) provider for the US Department of Housing and Urban Development's (HUD) **Rural Capacity Building** (RCB) and **Community Compass** programs. Through RCB, NALCAB provides TA and loans to rural-serving nonprofits and government agencies, and through Community Compass NALCAB has engaged in over 100 TA assignments since 2010 to support the equitable deployment of federal entitlement funding for programs such as HOME, CDBG, CARES Act, and others.

Cracking the Federal Code

Many nonprofits have the expertise to deliver federally-funded programs but not the time or resources to apply. NALCAB's newest program builds the capacity of our members organizations to access these opportunities, especially recently legislated large-scale funding that targets LMI communities.

Advisory Services

With proven expertise in community and economic development, NALCAB provides consulting services in areas such as data analysis/research, GIS mapping, policy, curriculum design, community engagement, impact and evaluation, and leadership development.

Signature Programs

Established in 2010, the Pete Garcia Community Economic Development Fellowship was created to address the growing leadership gap in Latino-serving community development nonprofits. The program offers training for next-generation Latino leaders to build the skills needed to succeed and ascend to executive level positions.

NALCAB's new LEAD Fellowship is designed specifically for CEOs and Executive Directors of economic asset-building nonprofits. Presented in partnership with the Cisneros Hispanic Leadership Institute at The George Washington University (GW), the program focuses on racial and ethnic equity through a Latino-focused lens.
